3 2023 outlook.

Forecast – Digitalisation continues to drive growth.

Outlook – Guidance confirmed.

Assumptions.

- No deterioration in overall economic situation in second half-year despite weak confidence indicators. Limited growth at worst.
- Positive investment impulses of industrial SMEs will increase over the course of the year.
- Supply bottlenecks for our manufacturing partners will continue to ease. Normalisation expected during Q3.
- Successful continuation of our European M&A strategy.

Objectives.

- Bechtle is optimistic for the current fiscal year.
 - Significant growth in terms of revenue/business volume and earnings (5% – 10%).
 - EBT margin more or less at prior-year level.
