Bechtle:
Integrate IT. Architect the future.

We are a leading European IT service provider and Germany's largest IT system house.

We empower business. We design future-oriented IT architectures spanning traditional infrastructure, the cloud, digital transformation, modern workplace concepts, robust security and as-a-service models. Customers also benefit from our smart financing solutions and circular IT offering.

Our specialist subsidiaries are recognised as top experts for enterprise applications in Europe, in particular for PLM and ERP solutions.

We pursue a multi-channel strategy. We engage across digital channels and platforms as well as in person and on-site at 100+ locations. In Germany, Europe and around the world thorough our partner network, we are never more than a stone's throw away from our B2B and B2G customers.

We're about the big picture. That's why we don't just focus on future-ready IT solutions. We're equally committed to a robust sustainability and climate protection strategy.

We are connected, experienced, entrepreneurial—zukunftsstark. We are IT.
