

Explore Metaverse with HoloLens 2.

Immerse yourself in the world of Metaverse with us!

Ihr starker IT-Partner.
Heute und morgen.

Get your Metaverse package from us.

Collaborate with your team from anywhere.

Hold face-to-face meetings and team events in metaverse.

Work together on ideas and designs in a virtual environment.

The Metaverse is a virtual environment that is created by combining digitally enhanced, real or completely digital spaces. It embeds the computing world more and more into the real world by bringing real presence to any digital space.

With Microsoft Mesh, you can experience the Metaverse today!

The digital 3D platform offers you almost unlimited possibilities for the use as a meeting platform. Further application scenarios are the joint development of prototypes, a virtual site inspection or extraordinary team events.
