WHY CHOOSE MICROSOFT TEAMS TO TRANSFORM YOUR WORKSPACE COLLABORATION

Microsoft Teams is the hub for teamwork in Microsoft 365 that integrates the people, content and tools your team needs to be more engaged and effective. If your company is looking to enable high-performing teams across a multi-generational workforce with digital workspaces, then look no further than Microsoft Teams.

BRING TOGETHER EVERYTHING YOUR TEAMS NEED

Today's teams need more than 1:1 or group chat capabilities. Only Microsoft Teams delivers a digital workspace that brings together chat, video meetings, calling and files into a single, integrated app to empower teams across your organization.

COLLABORATE SEAMLESSLY WITH FAMILIAR OFFICE TOOLS

Microsoft Teams offers deep Office integration for today's multigenerational workforce to use the Office apps they are familiar with and love - Work, Excel, PowerPoint, OneNote, SharePoint, Planner, even Power BI - right within the context of Teams, which makes collaboration easy.

CUSTOMIZE & EXTEND IT TO EFFICIENTLY OPTIMIZE YOUR TOOLS AND PROCESSES

Not only does Microsoft Teams let you customize your workspace with tabs, connectors and bots to include the apps and services you need, it enables you to extend those expierences by building and automating apps and workflows so work can start and end in Teams.
