

# Portégé X40L-K

## Built for today. Built for your people

Balance has never been more important. Work and home. Form and function. Individuality and collaboration. With the new Portégé X40L-K, your people don't have to compromise. Engineered for frictionless working – wherever, whenever – the 14" X40L-K marries an eye-catching Dark Tech Blue magnesium chassis with barely-there bezels at an incredibly light 1.05kg. But this beauty is backed by brawn. The latest 12th generation Intel® Core™ processors are coupled with up to 32GB of dual-channel 4800MHz LPDDR5 memory to blaze through the most intensive of business tasks.

The Portégé X40L-K is designed for a hybrid world, full of clever touches to make work easier. Its backlit keyboard features spill-resistant keys, lowered to avoid marks on its screen. And frustrating remote meetings become a distant memory with 360-degree dual-array microphones, combined with intelligent AI capabilities which allow you to relax and be heard no matter your surroundings.

Two USB-C ports with Thunderbolt™ 4 capability enable you can transfer data quickly, or connect external displays and peripherals with ease. With the X40L-K, there's no need to choose between design and function – you really can have it all.

Incredibly light starting at 1.05g

Full-power 28W 12th generation Intel® Core™ processors

Intel® Iris® Xe Graphics

Next-generation AI audio and camera support

MIL-STD-810H

# Portégé X40L

## Specifications

Processor	Intel® Evo™ Platform with choice of 12th Generation Intel® Core™ Processors i5-1240P, i7-1260P or vPro™ versions i5-1250P and i7-1270P
Operating System / Platform	Windows 11 Pro
Design Colour	Dark Tech Blue
System memory	Choice of 8GB/16GB/32GB, up to 32GB OnBoard, Technology: LPDDR5 RAM (4800 MHz)
Solid State Drive	Choice of 512GB/1TB NVMe™ M.2 PCIe Gen4 or 128GB / 256GB / 512GB NVMe™ M.2 PCIe Value
Display	14.0 WUXGA 16:10 FHD 400 NIT with Eyesafe® certification (reduction of blue-light), slim bezels, 180 degree
Graphics adapter	Intel® Iris® X® Graphics
Interfaces	2 x USB Type-C ports with Thunderbolt™ 4 which supports data transfer, power delivery and display port, 2x USB 3.2 (1 x supporting power off and charge), 1x Gigabit LAN, 1 x HDMI 2.0, 1x external headphone (stereo/microphone combo socket), 1x micro SD™ card slot
Wireless communication	Intel® AX211 2x2 Wi-Fi 6E, Bluetooth® 5.2, LTE optional
Sound system	4 speakers system* supported by Dolby Atmos® technology (* not supporting LTE module), 2 speaker supported by Dolby Atmos® technology
Keyboard	Frameless full-size backlit spill resistant keyboard, conference call function keys, unified colour with the chassis
Pointing device	Large Glass feel ClickPad™ with multi gesture support
Battery	Technology: lithium-ion, 4 cell, 65Wh, up to 11h (MobileMark™ 2018* running Windows 11), Quick charge technology (30 minutes charge = 4 hours of battery)
Physical dimensions	312.4 x 224 x 15.9 mm, weight: starting at 1.05kg
Webcam / Microphone	High resolution HD camera with Face authentication and privacy shutter, AI features to enhance privacy and video quality 360-degree microphone x2, including AI features for Noise Reduction
Warranty	1 year EMEA Carry-in. We also offer a large range of services to upgrade your standard warranty, please have a look at our website <a href="http://emea.dynabook.com/services">emea.dynabook.com/services</a> to find the right service for your product.
Bundled hardware	Power USB Type-C adapter
Security features	Microsoft Secured-core PC, dTPM 2.0, Fingerprint Reader (optional and integrated in the power button), Face Authentication (optional), Security Lock slot, Webcam shutter slider
Special features	180 degree hinge, rigorously tested up to MIL-STD-810H military standards: drop test, dust test, humidity, temperature, shock
